

# Jimi V. and Screamin' John

## Production Requirements

### Stage Plot

### Input List

1. Acoustic Guitar DI (Phantom power required), Stage Left
2. Resonator Guitar DI (Phantom power required), Stage Left
3. Guitar Condenser mic (Phantom power required), Stage Left
4. Harmonica amplifier mic, Stage Right
5. Vocal, Stage Right
6. Vocal, Stage Left

\*Artist provides vocal and specialty microphones for their exclusive use.

To insure that we are able to provide the most professional performance possible, audio and lighting systems provided by purchaser are expected to be the appropriate size for the venue. Two independent monitor mixes (stage right, stage left) are required when available. All vocal mics require boom stands. Artist requires two bar stools or chairs without arms for use during performance, to be provided by venue.

Any questions or concerns should be directed to:  
John Hawkins (502.777.0546 or [info@jimianscreamin.com](mailto:info@jimianscreamin.com)).
